**INTRODUCTORY.**

The second volume of R. L. Polk & Co's Colorado Springs, Colorado City and Manitou Directory is herewith submitted to the public, and we are confident it will be declared the best work of the kind ever published for the three cities. All the information contained herein is fresh and reliable, and has been obtained from original sources by men engaged exclusively in the directory business, and by personal interviews wherever possible.

The same style and arrangement as in the preceeding volume has been followed this year, with this exception. The alphabetical lists of the three cities have been consolidated into one (pages 75 to 598). This has been done at the request of a number of our patrons, and we think the change will be appreciated, as the names of the residents of the three cities can be more easily found.

Attention is called to the revised Street and Avenue Guide (pages 27 to 38); also to the department of Miscellaneous Information for the three cities (pages 39 to 74) in which will be found full and complete rosters of the City Governments and Officers, County and State Officers, State Institutions, Rates of Postage, List of Postoffices in the State of Colorado, Building and Loan Associations, Churches, Clubs and Societies, Colleges and Schools, Hospitals and Sanitariums, Labor Organizations, Libraries, National Guard Colorado, Newspapers, Parks, Public Buildings, Halls, etc., Railroads, Secret and Benevolent Organizations, Trade Organizations, Commercial Bodies, etc. The combined alphabetical list of names for the cities of Colorado Springs, Colorado City and Manitou follows this (pages 75 to 598).

The third section of the work (pages 599 to 672) contains the names and addresses of all merchants, business and professional men of the three cities, classified under appropriate headings, which places all person of like business together.

The last section of the work (pages 676 to 756) contains a "Directory of Householders" of Colorado Springs arranged by streets and avenues. On page 21 will be found the General Index—by referring to which the page numbers are noted on which any desired information can be found.

We have carefully counted the number of actual names appearing under each letter of the alphabet (see page 18) and find this volume contains a total

of 18,619 names (not including the names of firms, corporations, death or removal notices). In computing the population of the three cities, we use the multiple of  $2\frac{1}{2}$ , which is as low or lower than that used in most Western cities. We estimate the population of the three cities to be 46,547. The population of the three cities separately is as follows:

Colorado Springs .....	38,547
Colorado City .....	6,140
Manitou .....	1,860
Total .....	46,547

Again thanking our patrons and the public in general for courtesies extended, and renewing our promise to issue annually a Directory of the three cities—having few equals and no superiors, we remain,

Respectfully,

R. L. POLK & CO.,  
Publishers.

R. L. POLK, President and Treasurer.

T. F. SMITH, Vice-President.

W. P. COOPER, Secretary and Manager.

**CHIROPRACTIC.** (Ki-ro-prak-tik)—Is the new science of healing without drugs. It is in harmony with Nature's laws. Seldom fails; never does harm. We use no drugs, no knives.

**CHIROPRACTIC** is common sense. It will bear investigation. It is the only mode of healing which exactly locates the cause of sickness and removes the same. All diseases permanently cured: Appendicitis, Gall Stones, Liver Diseases, Rheumatism, Spinal Diseases, Constipation, Heart Diseases, Kidney Diseases Neuralgia, etc. It is not Faith Cure, Christian Science, Magnetic, Osteopath, Massage, nor anything else, but **CHIROPRACTIC**. It is based on a correct knowledge of the nerves. It adjusts all displacements and allows the innate builder to reconstruct the broken-down tissue.
